AGENCY OVERVIEW

The Iowa Finance Authority was established in 1975 with the purpose of advancing affordable housing in the state. Since then, the agency's role has expanded considerably. In addition to funding and administering housing programs that address a range of housing needs, the Iowa Finance Authority also issues tax-exempt bonds to finance a variety of economic development activities and infrastructure projects. In 1985, IFA's Title Guaranty Division was established.

Vision: The Iowa Finance Authority will improve the quality of life for Iowans by providing affordable housing opportunities and financing community and economic development.

Mission: To finance, administer, advance and preserve affordable housing and to promote community and economic development for Iowans.

Guiding Principles: These core values describe how the Iowa Finance Authority conducts itself in carrying out its mission:

- Customer Focus
- Results Orientation
- Long-range Thinking
- Data-based Decisions
- Continuous Improvement
- Collaborative Leadership
- Employee Participation
- Financial Responsibility and Integrity

Core Functions: The Iowa Finance Authority performs its mission through the following core functions:

HousingIowa: Provide opportunities for all Iowans to obtain and maintain safe, affordable and accessible housing.

Title Guaranty: Offer a low-cost mechanism to guarantee title to real property in Iowa, working with attorneys, abstractors, and lenders throughout the state to ensure the integrity of the land title transfer system and facilitate transactions in the secondary mortgage market.

Water Quality Programs: Provide financing for loans to Iowa communities for clean water and drinking water projects.

Community Development: Provide low-cost financing for community and economic development projects.

Section 8: Provide oversight to 227 project-based properties in Iowa.

Resource Management: Provide timely and accurate services and infrastructural needs to agency staff, housing partners, and other state agencies economically.

Programs: The Iowa Finance Authority executed its core functions through the following programs and services in FY11:

The Iowa Finance Authority's *FirstHome* program provides affordable mortgage financing to qualified home buyers. The Iowa Finance Authority issues tax-exempt mortgage revenue bonds to fund the program, and mortgage loans are provided to borrowers through more than 400 participating lender locations across the state. In FY11, the Iowa Finance Authority purchased 882 *FirstHome* loans totaling more than \$75 million. The *FirstHome Plus* program provides cash assistance of up to \$2,500 for down payment and closing costs. In FY11, 449 home buyers were provided down payment or closing cost assistance through a *FirstHome Plus* grant. In addition, the *Homes for Iowans* program was created in FY10 to assist eligible repeat and first-time home buyers who are not eligible for the *FirstHome* program. The program made 144 loans totaling more than \$14.6 million in FY11.

In partnership with the Iowa Department of Veterans Affairs, the Iowa Finance Authority administers the Military Homeownership Assistance Program. The program was created by the Iowa Legislature in March 2005 with a \$1.05 million state allocation. In 2006 and each succeeding year, the Legislature has allocated additional funds for this program, which provides grants of \$5,000 toward the purchase of a home to military personnel who served or serve on active duty since September 11, 2001. In FY11, the program helped 300 service members buy homes.

The Iowa Finance Authority's *NewHome Program* provides low-interest loan funds for qualified entities to build affordable single-family homes in Iowa. Applicants include non-profit 501(c)(3) organizations, cities or counties, community housing development organizations, economic development corporations, local housing trust funds and public school or community colleges with a trade class apprenticeship program. The program loaned \$541,332 in FY11.

The Iowa Finance Authority has served as the tax credit allocating agency for the state of Iowa since 1986, through the *Housing Tax Credit Program*. The tax credit provides an incentive to developers to construct affordable housing units. These credits provide a dollar-for-dollar reduction to an investor's federal tax liability on ordinary income. The Internal Revenue Service annually allocates tax credits to states based on their populations. The Iowa Finance Authority awarded a total of more than \$11.1 million in 9% housing tax credits for the construction or preservation of 691 affordable rental units. The Iowa Finance Authority also awarded \$487,160 in 4% housing tax credits to support 191 affordable housing units. A total of 882 families will benefit from \$11.6 million in housing tax credits awarded in FY11.

The HOME Investment Partnership Program transitioned from the Iowa Department of Economic Development to the Iowa Finance Authority on July 1, 2010. The HOME program was created by the National Affordable Housing Act of 1990, and its primary objectives are to provide decent affordable housing to lower-income households, and to leverage private sector participation in affordable housing. The U.S. Housing and Urban Development annually allocates HOME funds to states based on their populations. In FY11, the total of \$7,279,114 that was allocated in HOME funds will result in the production of 121 affordable units and serve an additional 161 households.

The *Multifamily Loan Program* seeks to preserve the existing supply of affordable rental units at risk of being lost and to foster the production of new affordable rental units in Iowa. During fiscal year 2011, the Multifamily Loan Program financed the construction or rehabilitation of three projects and 115 affordable units throughout the state. The amount of FY11 loans totaled more than \$2.1 million.

The *State Housing Trust Fund* is held at the Iowa Finance Authority and was granted permanent funding by the Legislature in FY08. The initiative allocates funding through two programs. The Local Housing Trust Fund (LHTF) provides grants for communities, counties and organizations that wish to create a local housing trust fund. In FY11 22 grants were approved for Local Housing Trust Fund's totaling \$5.3 million. Additional funds go to the Project-Based Housing Program that aids the development and rehabilitation of affordable housing in areas not covered by a LHTF. The program approved 13 loans in FY11 totaling \$597,521.

Since 1996, the *Home and Community Based Rent Subsidy Program* has assisted recipients to live successfully in their own home and can be used until the person becomes eligible for a Housing Choice voucher from the U.S. Department of Housing and Urban Development or any other kind of private or public rent subsidy. The Iowa Finance Authority has been administering this program since 2005, through a 28E agreement with the Iowa Department of Human Services. In FY11 more than \$700,000 in subsidies were provided and an average of 375 individuals were helped through the program each month in FY11.

The *Aftercare Rent Subsidy Program* provides financial assistance for youth who are aging out of foster care and are participants in the Aftercare Services Program. The program's goal is to teach Iowa youth independence, life skills and responsibilities. The Iowa Finance Authority began administering this program in 2004 through a 28E agreement with the Iowa Department of Human Services. In FY11 the Iowa Finance Authority issued more than \$63,000 in subsidies.

The Iowa Finance Authority is the administering agency for the *Iowa Council on Homelessness*. The Council, codified by Senate File 2161 in FY08, is made up of 38 voting members from across the state. In FY11 the Iowa Finance Authority and the Council reviewed and funded 119 Emergency Shelter Grant (ESG) and Homeless Shelter Assistance Fund projects, totaling more than \$2 million. The Iowa Finance Authority also completed its second year of administration of the Homelessness Prevention and Rapid Re-Housing Program (HPRP), a three-year federal initiative of the 2009 American Recovery and Reinvestment Act (ARRA). The federal Housing Opportunities for Persons with AIDS program (HOPWA) program provided \$400,000 for Iowans in need in FY11.

The Iowa Finance Authority holds a Performance-Based Annual Contribution Contract (ACC) with the U.S. Department of Housing and Urban Development to provide oversight of select project-based Section 8 properties in Iowa. The Iowa Finance Authority was awarded the new Section 8 Contract for the State of Iowa on July 1, 2011 following a nationwide rebidding of the contracts by HUD. The new ACC became effective October 1, 2011 and will be for an initial two year period renewable at HUD's discretion. The Section 8 Contract currently covers 226 properties providing affordable housing to 12,118 low-income Iowa households in 74 counties throughout the state.

The Iowa Finance Authority's *Title Guaranty Division* offers low-cost title protection for real estate located in Iowa. In FY11, Title Guaranty issued 69,400 certificates, covering nearly \$3.7 billion worth of Iowa real estate. Since its inception, TGD has transferred nearly \$48 million to support Iowa's affordable housing programs, with more than \$3.4 million in FY11 alone.

The *Community and Economic Development Loan Program* advances the development and expansion of business, nonprofit organizations and housing within Iowa. Since 1982, the Iowa Finance Authority has issued more than \$5 billion in tax-exempt bonds, the proceeds of which are loaned to borrowers to finance qualified projects. In FY11, the Iowa Finance Authority issued more than \$254 million of tax-exempt bonds on behalf of 18 projects across the state.

The Heartland Disaster Tax Relief Act (HDTRA) of 2008 provided assistance to areas in the Midwest that suffered severe storms, tornadoes and flooding in the spring and summer of 2008. One of the provisions of HDTRA was the creation of Midwestern Disaster Area (MDA) bonds. More than \$2.1 billion in MDA bonds were allocated to Iowa. Through Executive Order, the Iowa Finance Authority was charged with allocating MDA bonding authority to eligible projects. Through FY11, 37 projects had used more than \$411 million in MDA bonds for projects in Iowa.

The Water Quality Division is a core function of the Iowa Finance Authority and is one of Iowa's primary sources for financing projects designed to improve the state's water quality. The Iowa Finance Authority and the Iowa Department of Natural Resources jointly administer the State Revolving Fund (SRF). The fund, capitalized by the U.S. Environmental Protection Agency grants, assists Iowa communities with the costs of upgrading or constructing local wastewater and drinking water infrastructure projects. The SRF made significant investments in Iowa's water in FY11.

Thirty-two communities will benefit from Clean Water loans and 23 communities will benefit from Drinking Water loans that closed in FY11. Clean Water loans totaled more than \$259.6 million, and Drinking Water loans totaled more than \$47 million.

Planning & Design Loans are the first choice for many Iowa communities in the early stages of building or repairing water infrastructure facilities. One of the program's advantages is the special terms of 0% interest for up to three years. In FY11, 52 Clean Water and Drinking Water Planning and Design Loans were closed totaling more than \$11.5 million.

The General Non-Point Source Program assists water quality efforts through low-interest loans. Qualified projects include: restoration of wildlife habitat, stream bank stabilization, urban stormwater management, the remediation of storage tanks, water conservation and reuse and wetland flood prevention areas. Low-interest loans can also be made for the water quality components of other projects, such as municipal landfill closure, brownfield remediation, bird sanctuaries, and urban stormwater. In FY11 five projects were funded through loans totaling more than \$9.2 million.

The On-Site Wastewater Assistance Program (OSWAP) provides assistance to rural homeowners in unincorporated areas of Iowa not served by a public sewer. Homeowners may obtain a low-interest loan through a participating lender for the replacement of inadequate or failing septic systems. According to Iowa law, all septic systems, regardless of when they were installed, must have a secondary wastewater treatment system following the septic tank. The Iowa Department of Natural Resources administers the program in cooperation with County Sanitarians and the Iowa Finance Authority acts as the financial agent. In FY11 160 homeowners were assisted through this program through a total of more than \$1.4 million in loans throughout the state.

The Livestock Water Quality Program (LWQ) offers low-interest loans through participating lenders to Iowa livestock producers for projects to prevent, minimize or eliminate non-point source pollution of Iowa's rivers and streams from animal feeding operations. The types of eligible projects include lagoons, manure management structures, equipment, vegetative filters and the development of manure management plans. Assistance is limited to existing facilities for animal feeding operations with less than 1,000 total animal unit capacities. The Iowa Department of Agriculture and Land Stewardship administers the program, and the Iowa Finance Authority is the financial agent. In FY11 the program awarded more than \$7.6 million in loans to 57 projects.

The Local Water Protection Program (LWPP) offers low-interest loans through participating lenders to Iowa landowners for projects to control the runoff of sediment, nutrients, pesticides or other non-point source pollutants from entering Iowa waters. The types of eligible projects include composting facilities, contour buffer strips, field borders or windbreaks, filter strips, riparian forest buffers, terraces, grade stabilization structures, grassed waterways or other practices that are shown to improve or protect water quality. The Division of Soil Conservation of the Iowa Department of Agriculture and Land Stewardship administers the program through its local Soil and Water Conservation Districts. The Iowa Finance Authority acts as the financial agent. In FY11 the LWPP program awarded 252 loans for a total of more than \$5.2 million.
